

HIS(my)LIFE – Week 8: PURPOSE

A Disciple carries on the work of Jesus (to glorify God by completing the assigned task: making disciples)

1) The purpose of your earthly life is to glorify God by completing the task that He has uniquely assigned to YOU – your part in “making disciples.” This make take different forms during the various seasons of our lives. Do you feel like you are currently working toward completing YOUR assigned task?

Read 1 Corinthians 12:1-11

2) What are you uniquely gifted to do? What are you “spiritual gifts?” If you don’t know, what do others in your group think that they are?

3) What are you passionate about? What makes you angry that you want to change? What thrills you that you want to be a part of?

4) Thinking about your unique gifts and passions, what do you think your assigned task MIGHT be? If you are not currently working toward that right now, what do you need to do to “get in the game?”

Spend some time in prayer for one another.
